**Arrival altitude** 2280 m

## **Descrizione**

From the village of Forno Alpi Graie follow path n. 318, on the left bank of the stream Gura. The route runs along the stream Stura up to "La California" cliff. Here you turn right, and reach and pass over Gias Colombin (1666 m). You continue half-coast you will find a crossroad. You take the path n. 318 that leads to Gias Pian di Sotto, leaving on the left the path n. 318A. You continue along the path n. 318 that goes to the western side of the Barrouard. Be careful and stay on path n. 318 when you have to turn left at the crossroad with the path n. 318B. The latter, in fact, descends to Gias Nuovo Fontane. You continue going up the slope, carefully following the horizontal signs on the rocks in the places where the track is not so evident. Finally you reach the Colle della Piccola (2704 m). From the pass you can enjoy a wide sight towards Gran Paradiso. In direction SW following path n. 315A, cross steep meadows by means of a half-coast path, and you will

arrive to Colle di Fea (2597 m). From here, on flat stretches and along the good path n. 315A, you will shortly reach Refuge Paolo Daviso.
