Descrizione

The route starts from the Mamma Margherita square, in the center of Capriglio.

Return eastwards towards the village up to the pylon placed in the middle of the street, then turn right.

Continue, going down hill until you cross a white road, on which you turn left and keep going. After about 600 m take a right turn and then, after less than 400m turn left. Now you can admire the medieval village of Bagnasco in the distance.

Continuing further, you begin to climb, until you reach the Romanesque church of San Giorgio of Bagnasco.
