Descrizione

From the Square of Sant'Anna hamlet (Church) you keep left, first on asphalt (ignore the deviations towards Colle della Ciabra) and then on the forest road for 3,100 km up to the large clearing where stands the chapel of San Chiaffredo (San Damiano Macra). Keep the main road and you will soon reach Roi hamlet (1212 m) and, a little further on, take the ancient mule track bordered by dry stone walls on the right that reaches Mostiola hamlet. Keep the hillside path avoiding the various deviations downhill until you get to Molineri di Pagliero hamlet (972 mt). The last stretch of about 1,500 km that leads to Pagliero must be tackled on a paved road, first downhill, then once you have reached the deviation to San Damiano Macra, uphill until the end of the stage.
