## **Descrizione**

From the charming village of Chialvetta, you can walk along the "Scurcio" backwards, avoiding the branch towards Colle del Ciarbonet and, keeping to the left, you reach the wayside shrine dedicated to the alpinists in the wide plateau of Prato Ciorliero (1959 m). The path climbs towards Passo della Gardetta (2440 m), among high altitude pastures and military constructions belonging to the Alpine Wall dug into chalk outcrops, with the characteristic sinkholes and depressions caused by karst phenomena. Once you reach the pass, the view in front of you is superb: it runs across the plateau of the Gardetta (Italian geological heritage since 2001), along the military roads through it and on the dolomite Rocca la Meja (2840 m). Behind you stands the peak of Mount Oronaye (3100 m). A final downhill stretch reaches the CAI mountain hut with the same name.
