Arrival altitude
1389 m

Descrizione

From the Gardetta Hut, follow the comfortable dirt-track that descends in the direction of Canosio, between gentle valleys, towards Colle del Preit (2076 m). Here, avoid the asphalt, keep right and you soon reach the grassy cattle-track that reaches the slopes of Rocca la Meja and ascends to Colli Margherina ((2408 m) and d'Ancoccia (2535 m). You go through historic military roads again and you can see bunkers and casemates between the rocky walls and the most strategic peaks. Turning left, now near Colle del Mulo (2529 m), the view extends over the peaks of the Stura valley. After passing the col, a long descent on the path runs through the Marmora valley, along the pretty Resile Lake and among the larches and reaches the villages of Marmora, rich in architectural and artistic buildings.

Public transport access
No
