Descrizione

The itinerary starts at the entrance of the cycle path (SP 260 - border with the municipality of Saluzzo).

The route follows the course of the Bronda stream (after about 1.5 km on the right side chapel of San Ponzio) up to Castellar (equipped area). Follow the path that leads to the Castle, a place of rare historical / landscape beauty. After it, continue along the paved road that climbs with some steep ramps among still inhabited rural settlements, up to the intervalley ridge with the Po valley. Here the road flattens and with an undulating path through chestnut woods, reaches the fork just below the chapel of S. Grato (617m) and descends to the left in via San Grato to a fork. Keep the left along the "*Sentiero 2 Rabinello*" which turns first into Via Barba and then into the SP 47 of the Bronda Valley that reaches Pagno.
