Descrizione

Going on, you gradually descend to the foot of the village of Piovà, advancing along the path for just over 2 km, to reach the village of San Pietro, where you need to turn left.

The itinerary proceeds in a meandering way in a north-westerly direction for about 1.5 km, until reaching the village of Vastapaglia, in the administrative area of Cocconato.

Shortly after, take a narrow uphill road for about 3.5 km, leading to the centre of Cocconato, where the route intercepts that of the Superga-Vezzolano-Crea route.
