Descrizione

From the hut descend towards the east, a stretch on asphalt, then to the left towards the slope that leads to the dirt road that after about 4.5km reaches the panoramic Croce Tournour (Tournour Cross) (1555m). On a constant slight slope, among groups of trees and meadows, you will arrive at the Rocca delle Formiche, then turn to the right for a long descent, sometimes tortuous and irregular. Go past the Meire del Giaset, the fork for the Biatonnet basin and the little church of Madonna della Neve, then flank constantly to the left and for a long stretch a covered canal used for hydroelectric purposes up to the Frassaia Stream (1260m). After the bridge the dirt road continues on the opposite side and with a series of ups and downs it goes past Loc. Meire di Pinfol and the ruins of Ciapitur (1235m) and reaches the hamlet of Serre di Oncino, emerging at the church of S. Anna (1225m).
