674 m
Access

From Tortona to Montaldo di Cosola: take superhighway A26, take the exit for superhighway A7 then exit at the Vignole Borbera toll station; from there continue along provincial highway SP 140.
From Genoa to Scoffera: take highway SS 45 to the village of Sottocolle, then SP 62 to Scoffera.

Descrizione

From Montaldo di Cosola the route takes a short steep climb (600 metres in 3 km) to the locality of Capanne di Cosola (1509 m), where it enters Trail 200, which travels the ridge bordering the region of Emilia Romagna, passing by the peaks of Monte Cavalmurone and Monte Legnà, until arriving at Rifugio Parco Antola (about 1 hr drive from Genoa). The itinerary then continues on the Ligurian trail network following the watershed between the Trebbia river and the Scrivia stream, up to the intersection with the Alta Via dei Monti Liguri and European path E1 (Porto Palo di Capopassero-Rotterdam), on Mount Montaldo at an altitude of 1.134 meters. From here you reach the final point of the stage at Passo della Scoffera.

Public transport access
Yes

To reach Montaldo di Cosola by public transport, you need to take the Val Borbera Autolinee service (http://Www.autolineevalborbera.it/) up to Cabella Ligure and then the line for Dova Inferiore.
You can continue to walk for about 2 km.
To reach the locality of Scoffera by public transport, you need to take the ALI bus service (https://Www.atpesercizio.it), up to Sottocolle and then continue to walk for about 1 km.

Accessible to people with disabilities

No
