Descrizione

Starting from Borgata Lucco, continue to Borgata Castello and after Bruno houses and fountains along the coast, you reach the junction before Bassa delle Sette and descend to Monte Baron (equipped area) and continue upstream of the town of Givoletto, touching the hamlet of Barriere up to Monte Castello di Givoletto and descend to the Rivasacco hamlet, cross the provincial road continuing on a dirt road to Cascina Pralungo and then to Cascina San Giovanni (Posto Tappa il Fujot and other tour operators La Cassa and Fiano). Nearby is the entrance to the Parco della Mandria and Castello della Bizzaria and it is therefore possible to enrich the experience with a tour of the park.
