Descrizione

Going further, take a narrow road on the right, which, after less than 1 km brings you to the remarkable Romanesque church of Sant'Andrea di Casaglio.

Note the distinctive exterior rendering on the church, rich with fossilised insets.

Continue further, turning left, towards the wash house, then follow the path that passes along the valley floor where you can admire the beautiful village of Cerreto.

Continue until you reach the road where, after a short distance, you can stop in the large square in Cerreto.

The village, known as a land of art due to the works represented on the facades of buildings, certainly merits a visit.
