The hamlet of Molè can be reached by a paved road from the Santuario in the village of Forno di Coazze (0.8 km.) and it is possible to park near the buildings. It is also possible to park in the nearby square at the Santuario di Forno.

Descrizione

The whole stage follows **path 415** starting from the hamlet of Molè above Forno di Coazze (1087 m).

Head up the moraine ridge and a long gentle slope to reach about 1450 m where there are noticeboards that mark the edge of the Parco Naturale Orsiera Rocciavrè and the woods give way to open hillsides.

Briefly follow the Balma stream until you reach a large fountain. Continue up, following hairpin bends northwards and the view opens out onto a landscape dominated by rocky walls: to the hiker's right (left bank) the Rocca di Bauti (1724 m), to the hiker's left (right bank) the Rocca Tana dell'Orso (1708 m). The path continues skirting across the hillside, high above the stream, and turns to the left, until it passes around a bastion of rocky cliffs (Cara d'Uslur).

After a 20-minute uphill stretch with a few hairpin bends, you reach Rifugio Balma.
